Solutions

The image displays four solutions for a 10x10 grid puzzle, arranged in a 2x2 grid. Each solution is shown within a white rounded square frame on a pink background decorated with a repeating pattern of bunnies and flowers. The puzzle pieces are represented by yellow and blue blocks.

- Top-Left Solution:** A yellow block (10x5) and a blue block (10x5) are arranged to form a 10x10 grid. The yellow block occupies the bottom-left and top-left areas, while the blue block occupies the top-right and bottom-right areas.
- Top-Right Solution:** A yellow block (10x5) and a blue block (10x5) are arranged to form a 10x10 grid. The yellow block occupies the top-left and bottom-left areas, while the blue block occupies the top-right and bottom-right areas.
- Bottom-Left Solution:** A yellow block (10x5) and a blue block (10x5) are arranged to form a 10x10 grid. The yellow block occupies the bottom-left and bottom-right areas, while the blue block occupies the top-left and top-right areas.
- Bottom-Right Solution:** A yellow block (10x5) and a blue block (10x5) are arranged to form a 10x10 grid. The yellow block occupies the bottom-left and bottom-right areas, while the blue block occupies the top-left and top-right areas.
